Severomorsk is the capital of the Northern Navy.

In winter it's really, really cold.

**For two hundred days a year Severomorsk
is covered with snow.**

The Polar Night begins on November 29 th and lasts till January 15 th. We enjoy splendid Northern lights.

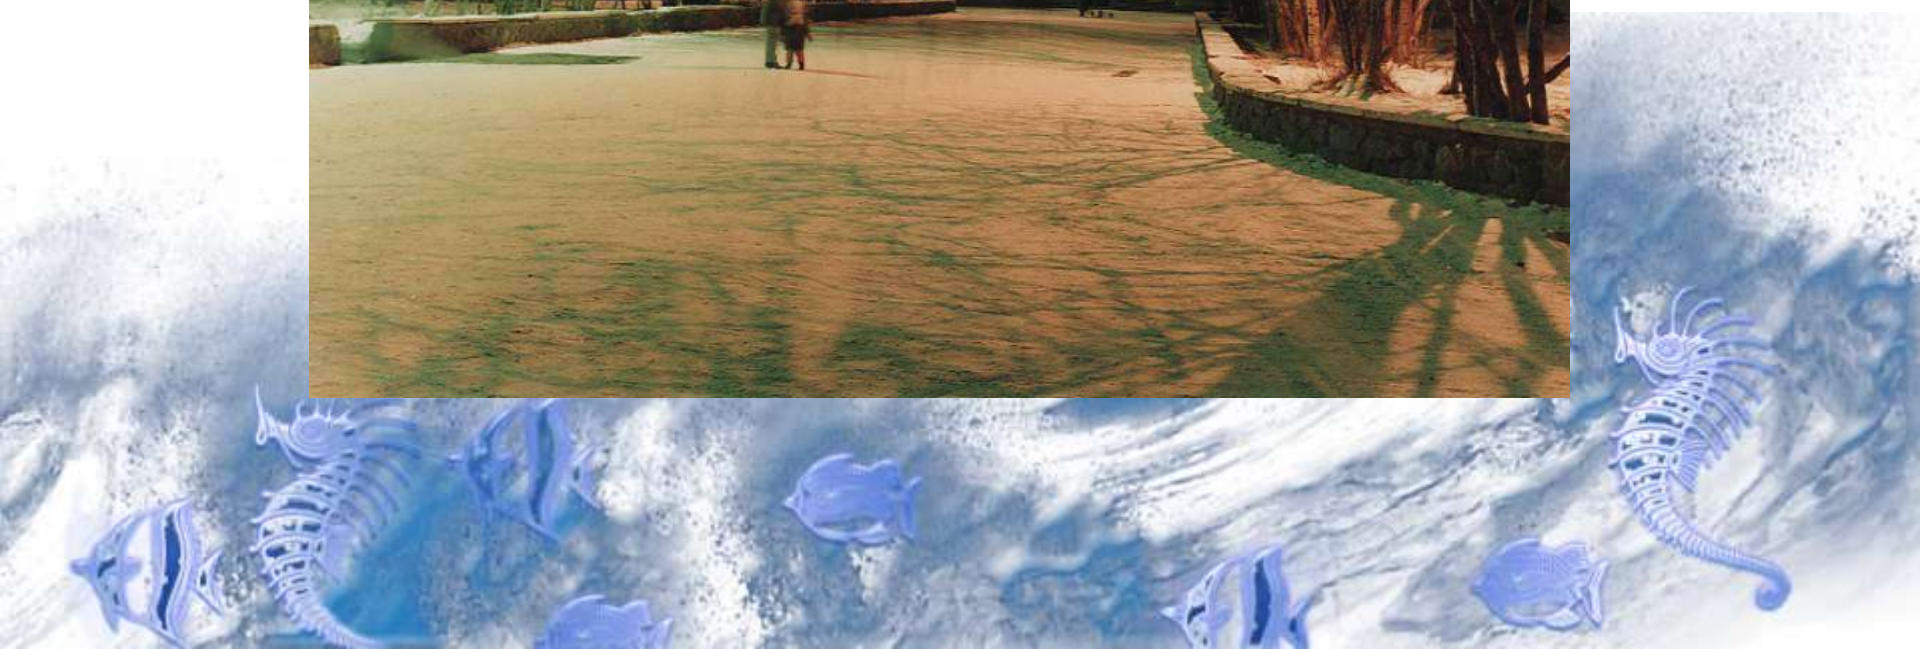

It's a nice town to walk in, it's quite a nice place ...

The scenery around the city is really beautiful ... You can see fantastic mountains with snow in winter, golden leaves in the forest in autumn. Children like skating, skiing in winter and picking berries and mushrooms in autumn. I am fond of fishing.

Our town is quite small, and there isn't much traffic in the centre .

In summer it's sometimes very hot, maybe about twenty-five degrees . It not always cold.

It's a pretty place to live.

**I LOVE YOU, SEVEROMORSK!
IT IS THE BEST TOWN IN THE WORLD!**
