

МКОУ «Андринская СОШ» Октябрьский р-н ХМАО- Югра

- Ученица 7 класса
- Месхи Дарья
- Учитель Лашина Татьяна Витальевна

- Название работы:
- Школа искусств, поселок Андра

There is an art school in Andra. It's a very interesting place.

Children learn to play different musical instruments and paint there. They play the piano, guitar, accordion. There is a choir and girls sing songs and perform at the concerts.

We can make clay things, paint wooden things and draw different kinds of pictures such as portraits, landscapes, graphics and still life pictures.

**Besides, we can make things
from glass beads.**

- **We make masks from papier mashe and decorate them.**

We make special vases and decorate them with seeds of different plants.

When the weather is good we paint outdoors. We go to the river Ob or find a picturesque place in the forest not far from our school.

We take part in different contests and have a lot of prizes!

We organize exhibitions on different holidays and we sometimes sell our works during festivals.

For example when we celebrate Easter every year we sell a lot of different things to local people and earn some money to buy beads and paints.

**All people in our settlement like
to buy our works!**
