My name is Arina Rakova. I am 13 years old. I am a very versatile person. Since childhood I sing, dance, and take part in drama performances. I enjoy studying. I have no problems at school. My school is the best place in the world for me. At school my favorite subjects are English and Physics. I am friendly, sociable, and clever. I'm happy!

I live in a small Siberian village. Its name is Troizki. It was founded in 1907. This summer we will celebrate its 105th anniversary. It is a real festival with a parade, an interesting concert, a meeting and a disco with fireworks. It is a marvellous sight!

We are proud that our village is a birthplace of Grigory Rodionovich Lakhin. He was born in 1916. He took part in all activities in the village at that time. He was clever and kind, skillful and selfless. When the Great Patriotic War was unleashed Grigory went to the front. He was a brave warrior. He was killed by fascists in October 26, 1943. In March 1944 he became the Hero of the Soviet Union. In May 1967 a monument to Lakhin was built. It is situated in the school garden.

A historical museum is the most interesting place at my school. There are a lot of exhibits there: icons, old money, photos, documents. The unique one is a mammoth's tooth. I can see a photo of my great-grandparents. They were the first people who came from Russia and founded my home village.

This memorial is a holy place since 1985. The Soviet people celebrated the 40th anniversary of the Great Patriotic War. Almost all men from my village fought against fascism. 186 soldiers were killed. You can read their names on the Wall of the Memory. It's a good tradition to organize a meeting here.
