Believe there is a beautiful, amazing corner on the earth. I called this “ Mountain fairy tale”. It is near from Magnitogorsk, my native town. This is Abzakovo, one of beautiful places of the South Urals. Abzakovo is located in a beautiful place where you can enjoy this beautiful Bashkir nature: great mountains, mixed forests, unforgettable landscape, crystal clean air with pine scent. This is a favorite place for residents of Magnitogorsk and other Russians.

There is a small zoo,
where you can feed the animals
There you can ride horses in
summer, sleigh, ski, skate in winter,
shoot in-dash and go karting every
season.

In Abzakovo there is a swimming pool “Aquarium”. There is a big swimming pool with cool water for adults and children’s one, three water slides, jacuzzi. I like swimming there.

After my first journey to Abzakovo I always come back to the “Mountain fairy tale”.
