I would like to tell you about one of the most beautiful cities in the world – about Moscow.

Moscow is the capital of our country. Moscow is the city that must be visited. It's one of the largest cities in the world. The population of Moscow is over 10 million. Moscow is the seat of the Russian Parliament and the centre of political life of the country. The heart of Moscow is Red Square. A lot of people dream of visiting it. I like to visit Red Square and I often go there with my parents. This square is very beautiful. Perhaps, the most ancient monument of Red Square is St. Basil's Cathedral. With its nine beautifully cupolas, it is a real masterpiece of ancient Russian architecture. If you visit Moscow you should visit the Kremlin too. It is very beautiful.

On the territory of the Kremlin you can see ancient cathedrals, the Bell Tower of Ivan the Great, the Tsar Cannon and the Tsar Bell, the biggest cannon and bell in the world. We often walk there.

There is also a modern building of the State Kremlin Palace. The main Kremlin tower, the Spasskaya Tower, has become the symbol of the country. Sometimes we go to the state Kremlin Palace to celebrate New Year holidays. If you leave the Kremlin by Trinity Gate you will come to the Alexandrovsky Gardens. The first thing to do in the Gardens is to stand by the Tomb of the Unknown Soldier, still and silent. We go there with my grand father on the victory Day in may. Moscow is my native city and I like it very much.
