

Hello my name is Olga. I'm 14 years old. I like many things, but my favorite pastime is computer. I like not only playing on it, but work in many programs.

And recently, when I was in the mail I received a letter from an imaginary friend, where she asked about me. This my answer.

Hi, Mary,

Thanks for your last letter.

I'm really glad you are having a good time in your village "Sosnovka".

Sounds great! I think, there are a lot of pines around you! Listen, didn't I tell you about our new flat in "Zhulebino"? It's the name of a district in the South-East of Moscow not far from metro station Vykhino. I'd like to tell you about this place and show some photos.

Home sweet home

Coat of arms

Just fancy! On the coat of arms of Zhulebino there are two animals: a fox and a lion. A fox symbolizes agility and cunning and a lion symbolizes strength and wisdom. So, the residents of my native Zhulebino can sleep peacefully. They are in safe paws of two magic animals.

By the way, you can see this emblem on the State University of Management. It's located in our district Vykhino-Zhulebino.

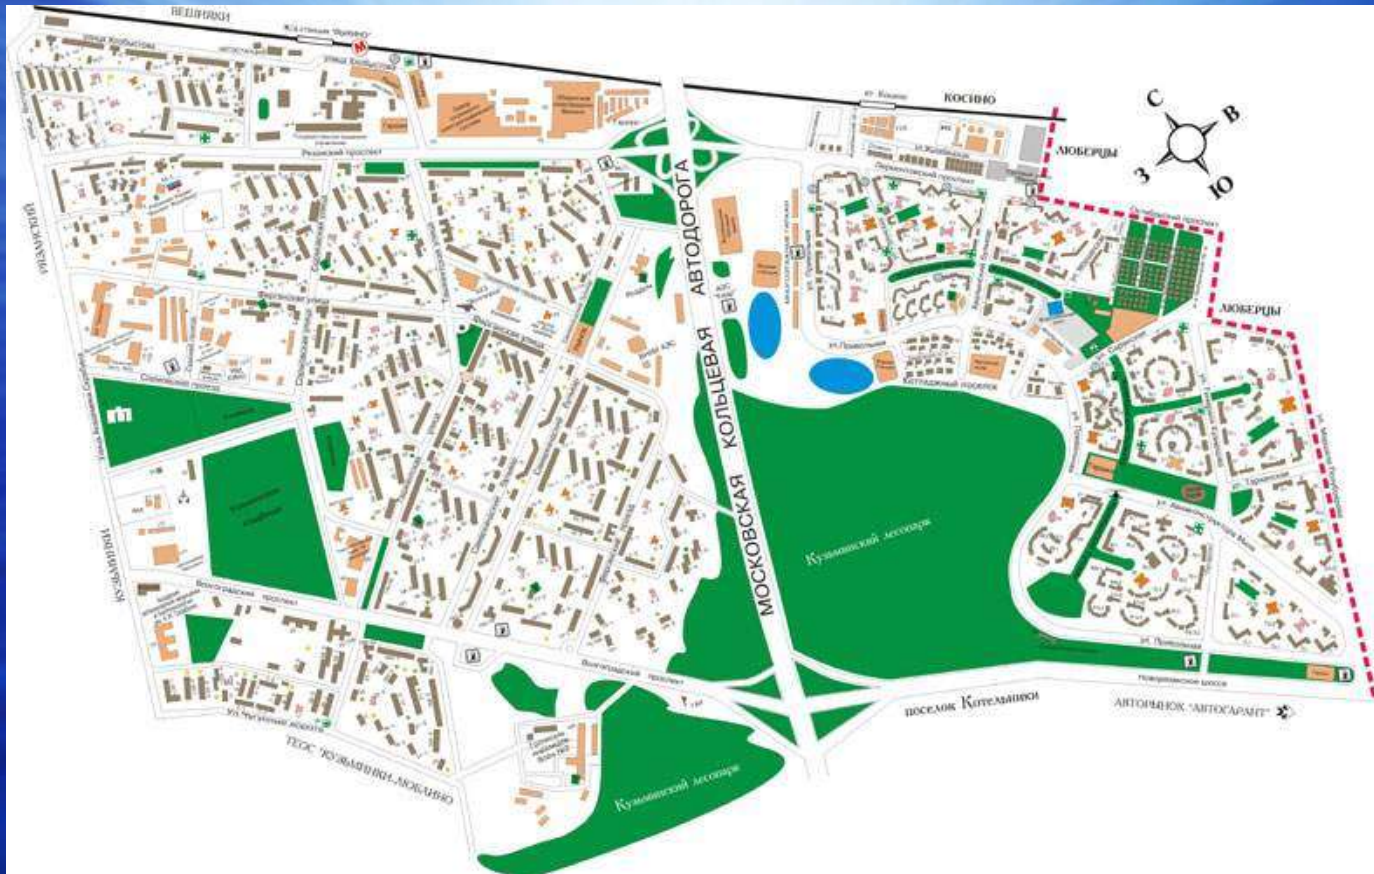

Legend about the history

At first, some words about the origin of the name. “Zhuleba” is the nick name of Osteev A.T., who was the manager of two villages “Vykhino” and “Heath Tiunova”. People say that he was rather greedy and cunning. Maybe, its name means “hitrets” or “zhulick” who knows...

map of our district

Church of the Holy Righteous John of Kronstadt

Do you like this photo?

Small but cozy our wooden church was built almost 12 years old ago. Our zhulebintsye often visit it.

Monument to the pilots of the 108th Aviation Regiment

And my favorite sight is an unusual monument to the pilots of the 108th boards assault aviation regiment of the order of Suvorov who defended our native Moscow in 1941-42. I'm sure this place is often visited by teens and adults.

It's worth visiting, isn't it?

Monument to the Mi-2

This is a monument to Mikhail Mil, the founder of Mil Moscow Helicopter Plant. He was responsible for many well-known Russian helicopter models. This sculpture was made by famous artist Alexander Rozhnikov in 2009. One of the streets crossing our boulevard is named in his honour. Photos of this place are the hallmark of Zhulebino.

Veteran patio

Small parties, friendly meetings often happen here. This is one of the most popular places for our veterans.

On special stands veterans can post interesting or important information.

Zhulebinsky Boulevard

It's only a part of Zhulebinskiy Boulevard. Our Boulevard extends for all Zhulebino. Wide, green, well-lit, with fountains and luxurious flowerbeds.

I promise we'll walk there, if you come.

How do you like my story about Zhulebino? Let me know when you'll come. Got to go - my dad's calling me. Don't work too hard.

See you soon.

Olga
