There are many monuments in all settlements of Russia. Usually these monuments are devoted to outstanding people or important historical events. But in Kemerovo there are monuments of other sort. They are amusing, cheerful and unusual. Such monuments and decorative sculptures began to appear in 1990th years. The Plots of such sculptures can be remembered us literary works, local folklore or special events of regional history.

The monuments to a nurse and a doctor have opened in the Kemerovo regional clinical hospital. This is a sculpture of the nurse who has come to the patients in the company with the doctor. The composition consisting of two figures, has received the name «A Health Bench».

# The Monument to a little child

All people in Kemerovo can find a child in cabbage .

The kid sitting in the big head of cabbage can be found in the Prospect of Chemists. Such unusual composition was presented to a city by employees of "Zelenstroj-service".

# THE MONUMENT TO THE SMILE

The new monument to the SMILE has opened. It is a sculptural composition of the smiling elephant calf with an amusing snail on a trunk. This sculpture was established near the Tom river. It is a gift to a city from the stomatologic clinics "Smiles". The founder of a sculpture is an artist V. Lysenko.

ALL citizens are enjoying such monuments.

## The sculpture of the sad dog

A sad dog is lying on a cover of the well hatch. It has decorated the quay of the Tom-river.

It was a gift to the city to its ninetieth anniversary. Money for installation of a monument to a dog was collected by people, not indifferent to a destiny of homeless animals. In Kemerovo this problem costs more than sharply because there is no official shelter for the dogs thrown out into the streets. So this sculpture remembers us to Help the homeless. It is necessary .
